312-853-5509

#### *REGIONAL DIRECTOR*

**Jeff Monks**

317-730-3354

**Monday, December 4, 2006**

### **Chicago Section Monthly Meeting**

Attention all members: This is Past President's night. If you know of any Chicago Section Past Presidents, please invite them to this meeting.

### **Speaker: Marvin W. Trimm, ASNT President**

Marvin began his career as an entry level inspector 33 years ago and has progressed to ASNT/ACCP level III in five methods. He serves as corporate level III for Savannah River National Laboratory, supporting the Department of Energy. As a member of the Materials Technology Section, his responsibilities include operational management for inspection planning and implementation, application of state of the art NDE technologies, integration of NDE technologies into research projects, and development and certification of NDE technicians. Marvin has also authored sections of the Nondestructive Testing Handbook series on infrared/thermal testing, radiography, electromagnetic testing, ultrasonic and acoustic emission. Marvin has served as chairman of the Chattanooga Section several times as well as other board positions.

### **Topic: ASNT Strategic and Business Plan**

Marvin will address the goals and strategic objectives of ASNT and in developing better grass roots communication with both domestic and international members in order to identify member needs. He will also discuss the development of local section activities and increased support from national headquarters. The development of more educational and training materials in an electronic format will also be considered.

Please come with any questions you may have that address ASNT in the area of education and training and in the area of qualification/certification.

**Location:** The Flame  
803 Joliet Road  
Countryside, IL 60525  
708-352-3442

**Time:** Social Hour 6:00 p.m.
